

ISL Regulatory: 馬來西亞頒布充電電池相關規範

馬來西亞政府將於 2019/1/1 開始，對可充電電池實行強制性管制，管制範圍並包含了應用於行動電源、筆電等裝置中的鋰電池。針對充電電池，目前進口馬來西亞有兩種驗證方式：批次檢查(Type 1b certificate)以及取得產品證書(Type 5 certification)。其流程簡介如下：

1 批次檢查

2 驗證證書

ISL Regulatory:

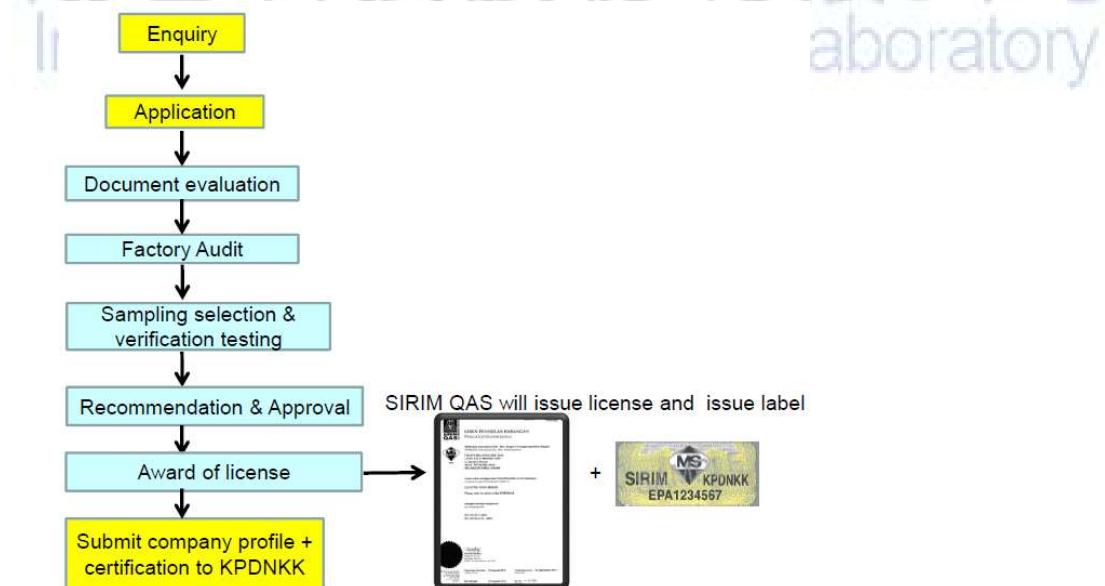

New implementing certification requirement for Secondary Battery in Malaysia

The Malaysia authority announced the certification requirement for the rechargeable secondary battery, which includes the battery applied on power bank and the laptop. From 2019/1/1, the rechargeable battery imported to Malaysia should comply with the type 1b product certification for consignment/batch or type 5 product certification. The brief application process is as below.

1. BATCH CERTIFICATION SCHEME (TYPE 1b)

2. PRODUCT CERTIFICATION SCHEME (TYPE 5)
